

Kellogg Head Likes 'Magic Mountain' Project

Emory Morris, president and director of the W. K. Kellogg Foundation, said last night that the beautiful Gatlinburg, Tennessee, ski resort would be nothing in comparison to the magnificent "Magic Mountain" when built in Hazard.

The statement from the chief executive of the famous Kellogg Foundation came at a meeting of area development leaders, Kellogg Foundation leaders, and University of Kentucky officials including Dr. John Oswald, President of the University.

Dr. Oswald called on Hazard Mayor Willie Dawahare to discuss the "Magic Mountain" project to the group during the meeting at the La Citadelle in Hazard.

Morris said that Michigan has initiated about seven or eight similar ski resort projects and have received fabulous results in the early stages.

"This would be a fine thing for Eastern Kentucky," commented Morris, "It would really help the economy of this area."

He also stated that one of the reasons for the optimistic outlook for a new ski resort in Hazard was because of the sensational success officials have had with the fine ski resort in Tennessee.

According to Morris, Magic Mountain would be approximately 200 miles closer for the residents of northern United States which contributes the biggest majority of vacationers.

The Kellogg Foundation President said that a person would have to wait in line for reservations at the multi-million dollar resort when the new Hazard-Jackson road is completed.

"I just can't understand why Magic Mountain hasn't already been built," quoted Morris, "It would really be great."

Russell Mowley, director of the agricultural division of the W. K. Kellogg Foundation, said that all of the new ski resorts in Michigan were financed by private industries.

Hazard officials, headed by Mayor Dawahare are in high hopes that a private industry will help sponsor Magic Mountain. City leaders also expressed views in which they hope that state officials will also back the project.

Robert Kerley and Glenwood Creech, vice-presidents at the University of Kentucky along with the UK president, Dr. Oswald, were in town to discuss and evaluate the Eastern Kentucky Resource Development project at Quicksand with officials of the Kellogg Foundation and local development leaders.

The group toured different parts of the area yesterday and

concluded its tour in Perry County today with visits at the Hazard Appalachian Regional Hospital and a tour of Hardburly.

A team of ten specialists in the fields of community development and family economics, adult education, youth education and industrial development is the principal feature of the project.

According to Dr. Mike Duff, chairman of the UK Kellogg East Kentucky Resource Development projects, the specialists have been in this area for the past four years working with people in this area while teaching them different skills.

Dr. Duff said that thirty-five industrial development committees are in force in Eastern Kentucky at the present time.

Considerable help has been given to motel and restaurant owners where the specialists have helped train both operators and employees for the initial type of work.

Under the original plan the Kellogg Foundation plans to give \$750,000 for development to Eastern Kentucky over a long period of time. The \$750,000 grant is being matched by the University of Kentucky according to Dr. Duff.

The informal discussion dinner brought silence for a moment during the latter stages when a reporter questioned University of Kentucky President Dr. Oswald with this question: "Dr. Os-

wald, when can we expect an announcement on the new community college?"

Dr. Oswald replied, "I have no comment on that, it is a matter that is still under study and consideration."

Attending the meeting were: Emory Morris, President and Director of W. K. Kellogg Foundation; Russell Mawley, Director of agricultural division of W. K. Kellogg Foundation; Dr. John Oswald, President of University of Kentucky; Robert Kerley, Vice-President of University of Kentucky; Glenwood Creech, Vice-President of the University of Kentucky; William A. Seay, Dean of College of Agriculture and Home Economics at the University of Kentucky; and George Wootton, County Judge in Leslie County and chairman of the Upper Kentucky River Area Development Council.

A R. Barber, ex-chairman of the Area Development Council; Mayor Willie Dawahare, ex-chairman of the Area Development Council; Dr. Mike Duff, chairman of the UK Kellogg East Kentucky Resource Development project; Paul Keen, county agent in Perry County; Bill Miller, Community Development Specialist of EKRD; Kyle Vance, of The Courier-Journal; Virgil Napier, of Radio Station WKIC; W. P. Nolan, publisher of the Hazard Herald and Oscar Combs of the Hazard Herald.

Educational Bill Is Top Achievement Says Senator Cooper

U. S. Senator John Sherman Cooper told a news conference in Hazard last night that the major accomplishment in the recent Congress was the passage of the educational measure.

"This was probably the most important bill passed speaking of the whole nation," said the famed Kentucky Senator.

"The most important bill passed for us here in Eastern Kentucky is the elementary and secondary school bill which involves our public schools," commented Cooper.

The Senator was scheduled to hold the news conference at 5:30 p.m., but due to his late arrival, the conference was held at 7:45 p.m.

He was the principal speaker in a Republican Rally held in front of the new Perry County Courthouse last night at 6:30 p.m.

A reception held in his honor at the Grand Hotel, followed the speech.

When asked if he would receive a federal appointment in

Washingon in the near future and not run for another term as senator he had this to say: "I never made a deal in my life with anyone and I never will."

Answering the statement concerning the possibilities of him running for the United States Senate next year he replied, "You'll probably be seeing me around."

Cooper, a well-known senator in Washington, had a great deal of involvement in the passage of the Omnibus Bill two weeks ago in both the Senate and the House and was very anxious to elaborate on the recent bill.

He remarked that the waterways legislation really began in 1953 under the Eisenhower administration and that over \$100 million has been appropriated in the last 12 years for reser-

voirs and flood facilities in Ky.

Among the reservoirs and flood facilities mentioned were the Kentucky River, Buckhorn, Carrs Fork, Red River, Prestonsburg, Big Sandy, Upper Cumberland and the Licking River.

Cooper, who is a member of the public works committee, says he is more familiar with the situation in Eastern Kentucky because all of the money that is appropriated for roads or flood controls come through the public works committee.

"Hazard and other cities on the North Fork of the Kentucky River should have good flood protection by 1968," remarked the Pulaski County native.

In connection with the Appalachian Regional Development Act which was passed earlier this year, Cooper feels that this is only the beginning for a brighter future in this section of the nation.

"I see great improvement for the tourist attraction in this area," answered Cooper, "and the extension of the new highway from Jackson to Hazard to Whitesburg and on to Ashville, North Carolina, will give us traffic from both the North and South. This in turn will bring industry to us."

In a very tense world situation, Cooper said he is afraid that the Vietnam war will not be settled for some time.

"This war is not going to end very quickly," said the sturdy-looking senator, "Communist China has nothing to lose if they can continue to get the Communist Guerrillas to fight."

He gave three points in which American people would have to worry about concerning the recent flurry of draft dodgers.

1. It may give confidence to the Communists against the American people and may encourage them to continue the war.

2. It may discourage our servicemen now in Vietnam.

3. Students that violate the law should be enforced and the He stated that in the Constitutional Rights, an individual actually has the right to free speech but that the merit of the protesting against the US action in Vietnam is very poor, and that if the law is violated, such as burning the draft card, the law should be enforced and the person prosecuted.

Another vote for the 176 million dollar state bond issue was received when Senator Cooper said that he strongly favors the bill.

He said, "I think it will be a fine thing if the bond issue passes and I would like to see the governor appoint a bi-partisan committee to oversee the expenditures and put the money to the right places."

Cooper assures the public that the prime purpose of the bond issue is for roads, but that some of the money will be used for schools, parks, etc.

Vicco Receives \$3,000 Grant

The City of Vicco has received a grant of \$3,000 from the Community Facilities Administration of the Housing and Home Finance Agency in Washington for a gas distribution service for the city.

Bert McGraw, chairman of the city board of trustees, presented the check to local engineer Jack Adams, who is also city engineer for Vicco, yesterday.

Vicco has also requested two other grants one of \$5,000 to plan a water system for the city. According to city officials they expect word on the grant by early November.

The other grant that has been applied for is for \$15,000 to construct parking facilities in Vicco.

The L&N has removed all the old side tracks within the city giving them ample room for parking area.

Vicco officials are expecting an okay from this grant any day now.

When approved the grant will provide for parking meters, excavation, retaining wall sidewalks and paving.

Plans for both grants have been submitted to the Atlanta office for final approval.

Candidates To Close Political Campaign

Just four more days remain for the various candidates in the county races to get in their bid for votes. Tuesday is the General Election and will bring to a close a very hotly contested campaign.

Voters will choose a state representative, all county officers, and magistrates and constables as well as to either vote the proposed 176 million dollar road bond issue in or out.

The Perry County Election campaign has been a rough one for most of the candidates as each have put in many long hours in hopes of winning his or her office they are seeking.

Taking a close look at some of the races in Perry County:

Alex McIntyre, R., goes against Lewis Hopper, D for the state representative office in the 97th district. J. A. Smith, R. is seeking an unprecedented fifth term as Perry County Judge with Democrat Harve Hensley providing stiff competition; one of the closest races appears to be that of Jailer where Arnold "Grapevine" Whitaker, D. is trying unseat the present office holder Bill Kelly, R.

In the Sheriff's race it's Lowell "Speck" Cornett, D. against Roland Baker, the Republican candidate. The County Court Clerk battle looks like a good one with Jessie Horn, R. seeking her fourth straight term against Earl M. Deaton, D. Calvin Manis, D. is attempting to win his second straight term as County Attorney over the Republican's Vernon Faulkner; Robert Ken Terry and Taylor Browning are battling for the coroner's office. Terry the Democrat and Browning the Republican nominee.

The Tax Commissioner's Race between Republican Roy Johnson and Democrat Clay Ford looks like another good one to watch.

The Fourth District Magistrate's race is shaping up for a good battle with Jesse Paul Engle, R. attempts to unseat Pearl Strong, D. for that office.

Hurshel "Red" Smith, D. and Arthur Gay, R. are representing their parties as candidates for constable in the fourth district.

The present county officers who were defeated or did not seek re-election include Sheriff Charlie Combs and Judge Babe C. Noplis.

The long hard fighting will all be over as the voters flock to the polls next Tuesday to pick those they want to serve them for the next four years.

The polls in Perry County will open at 6 a.m. Tuesday and will close at 5 p.m.

The Hazard City Elections have been the talk of the town for the past few weeks as Willie Dawahare and M. K. Eblen are battling for the Mayor's office.

Dawahare is the present mayor and Eblen has served previously as head of the city government.

City voters get the opportunity to choose four new city commissioners with Lethair residing its getting their first chance to have a say in the voting.

ASK ANN
LANDERS

Dear Ann Landers: I've read up to a lot about boys with long hair and how their parents can't stand it. I'll tell you how we handle the problem in our family.

Our 17 year old son, Larry, decided he wanted to look like one of those singers. He used his inheritance money to buy more records. Soon his hair was falling over his eyes in front and nearly reached his shoulders in back.

My husband announced at dinner that in his opinion anyone who wants to look like a dog to be registered. Yesterday he went to the Chicago city hall and bought our son a dog license. Larry was registered as an Afghan male who answers to the name "Ringo." My husband handed him the tag at the dinner table and said, "I think you ought to wear this."

Tonight Larry's hair is noticeably shorter. It was the best \$2.00 my husband ever spent. — CHICAGO MOM

Dear Mom: Your letter is a gas — but it's a phony. In Chicago you can't get a dog license unless you present a certificate from a veterinarian proving that your dog has had rabies shots.

I'm often asked how I can tell the fakes. Checking the facts is one way.

Dear Ann Landers: Please tell us what to do about "night raiders." Our sons, Bobby and Tommy (4 and 5) share a room. Two weeks ago they started sneaking out of bed and going into the goodies. They climb on chairs and help themselves to marshmallows, candy, cake and ice cream. There isn't anything they can't reach.

Both my husband and I have scolded the boys but it doesn't do any good. We decided to tie them in their beds with shopping harnesses but they put up such a fuss that we took the harnesses off after two sleepless nights.

Please tell us what to do, Ann — OUT MANEUVURED

Dear Out: Remove their bedroom door and install a metal one which can be opened only from the outside. This should end the night-raiding.

The central problem, however, is getting your kids under control. If you are unable to discipline them at the ages of 4 and 5, what do you propose to do when they are 14 and 15?

Dear Ann Landers: Our 16-year-old niece just told her mother she is four months pregnant. We are all in a state of shock. It's the first time anything like this has ever happened in our family. If Carol Lee could be married quietly it might help save the family name, but she doesn't know who the father is. If you met Carol Lee you'd say she is a perfect lady — quiet, reserved and on the shy side. And that brings me to the point of this letter.

It's the sweet, innocent girls who get into trouble. The experienced chippies are far too wise. So why is the girl who has a baby out of wedlock branded as "bad?" The very fact that she gets into trouble is proof of her innocence. Please print this letter and back me up. — CAROL'S AUNT

Dear Aunt: Sorry, but I don't have any good conduct medals lying around for sweet, innocent young things who get pregnant and don't know who the father is.

Maybe Carol Lee WAS sweet and innocent but you must agree that somewhere along the line her status changed.

Liquor can ruin your mind, your body and your life. To learn the traps of teenage drinking, write for Ann Landers' booklet, "Teenage Drinking," enclosing with your request 20¢ in coin and a long, self-addressed, stamped envelope.

Beta Sigma Phi Members
Meet At Jenny Wiley Park

Seventy-five members of Beta Sigma Phi from chapters in Pikeville, Hazard, Whitesburg, and Middlesboro, met at Jenny Wiley State Park on October 24 with the Beta Kappa Chapter of Whitesburg as hostess.

The Pikeville Exemplar Chapter was in charge of a game of Get Acquainted Bingo as members gathered at the May Lodge to register for the meeting.

A Swapping Bee followed with members of the different chapters telling about social and civic activities, and program and rushing plans for the coming year.

After a luncheon, representatives from each chapter provided entertainment. "The Viscards" of Hazard, Raynham West, Elmo Charles, Volma Green, and Margaret Reitor, accompanied themselves on the guitar and sang "Alley Cat." Margaret Reitor then sang "Sweet Caroline."

The very versatile and talented Barbara Baker of Whitesburg sang an operatic aria from "Cavalleria Rusticana," gave a

comic reading about attending a football game, and then played a Boogie Woogie arrangement on the piano.

Irene Smith, also of Whitesburg, gave an entertaining imitation of Phyllis Diller.

Decorations for the luncheon were in keeping with the theme "Crown Every Moment." Cassy Martin of Hazard won the door prize.

Members of the Alpha Xi Chapter attending the meeting were Mrs. Jack Fitz, Mrs. Chalmers Linder, Mrs. Bill Reitor, Mrs. Perry Greer, Mrs. Charles Sisson, Mr. J. L. Amburgey, Mrs. Jack West, Mrs. Dean R. 2, Mrs. Herb Charles, Mrs. Sissy Martin, Mrs. Rita Campbell, Mrs. Forbeck Shubert, Mrs. George Kresiga and Mrs. Phyllis Stephens.

Our title is certainly being lived up to in our office this week. It's been a whirl for the past two or three months, and promises to be that way for many days to come.

We would like to express our appreciation to our many friends and customers who have been so kind and patient when we have to hold their news until our next issue of the paper. For any business to succeed, it needs patrons like this.

To all of our candidates, we wish the best of luck. We urge everyone, no matter what their political affiliation to use their "God Given Right" and go out to vote next Tuesday. Remember, you and only you have the right to choose whom you want to represent you for the next four years in both the city and county. To aid you in selecting your candidates, there are ballots of each district and one of the city and Vice in today's paper.

Our best wishes are sent to the following people on the sick list this week: Jim Bailey, Charlie Whitaker, Homer Eversole, Johnny Robinson, Scott Whitaker, and Principal John Stringer.

Had a lovely visit with an older couple, Mr. and Mrs. James Napier, of Viper, who came by our office to renew their subscription for the Herald a week or so ago. It was certainly a pleasure to talk with them. Mrs. Napier tells us that

she enjoys looking the paper, especially the rural news. We are looking forward to seeing them again next year.

Basketball Is Here!

Two more weeks and the 1966 football season will conclude as far as local teams are concerned and with this in mind we will begin to turn our column to the hardwoods for the basketballers and hoop rollers.

The first season in the 14th Region was initiated last week when Central downs Kaden Come at Corbin with Solomon Combs top in the first 18 points.

Action begins to get hot and heavy next week when three 54th District clubs open the 35-36 campaign on Friday night November 5.

Dixieville, a 30-100 losing tilt, will pay host to Buckhorn at Mountain Commission.

The Panthers will be veteran Carlson Lewis, Jasper Simpson and Charles Moore are expected to improve last year's record of 10-10 and 20-20 losses.

I think you will find the good season of our boys up front comes this year. Further coach Harvey Combs.

'CHUBBY' COACHES BUCKHORN

Buckhorn, a 30-100 losing tilt, will pay host to Buckhorn at Mountain Commission.

Some think it is the first game of the season for but come from a 1-20 losing tilt. The Wildcats in the first Nevada State game, the 1965-66 season, the first game of the season.

Widcats Challenge West Virginia Sat.

Kentucky and West Virginia, two of the nation's finest offensive football teams, match 4-2 records when they meet in Lexington Saturday afternoon in UK's Centennial Homecoming Game.

While the Wildcats were getting back on the victory road last week with a 34-10 rout of the Mountaineers, West Virginia had its troubles in a 14-0 loss to Penn State.

While the Mountaineers, who opened the season with two straight wins, will be trying to halt a disastrous three-game losing streak to Virginia 41-0 before the state game, the Wildcats will be looking for revenge for a 21-10 loss to Maryland last week.

The Mountaineers, led by sophomore quarterback Gerald Ford and sophomore running back Allen McCall, have an average of 34.5 points per game and 300 yards per game.

Rick Kestner

passing and Roger Bird running, has averaged 306.7.

The Mountaineers, who have scored 184 points in six games will offer a terrific test to Kentucky's rushing defense, which has been porous at times. Ford has gained 577 yards on the ground and his teammate at fullback, Dick Leftridge, has added 427 yards. Their combined total is nearly twice as much as Kentucky has gained on the ground all season.

"We'll have to play a tight defensive game if we're to contend with West Virginia," Kentucky coach Charlie Bradshaw says. "They have as explosive an offense as any that we'll face this season."

The Mountaineers, coached by Gene Chisum, have had defensive problems. They have allowed their opponents 313 yards total offense per game, compared to the 277.8 allowed by the Wildcats.

The Kentucky defense, which had a return to form last week against Georgia Tech, has failed to score in the last three periods, may be the key to the game.

If the defensive team will use the Georgia game as a springboard to greater things in the rest of the season, Bradshaw says, "we'll be a much improved football team against West Virginia. We'll have to be if we're going to win."

The game, to be played on Saturday at 2:00 p.m. EST, has been a sellout for weeks. A homecoming crowd approaching 40,000 is expected.

Navajos And Pirates Meet In Final Game

By Aris Fields

The final game of the 1965 football season for the Navajos and Pirates will be held at the school cafeteria on Saturday night, November 6.

The Navajos, who opened the season with two straight wins, will be trying to halt a disastrous three-game losing streak to Virginia 41-0 before the state game, the Wildcats will be looking for revenge for a 21-10 loss to Maryland last week.

The Pirates, led by sophomore quarterback Gerald Ford and sophomore running back Allen McCall, have an average of 34.5 points per game and 300 yards per game.

Perry Bowl on Monday, Tuesday, Wednesday and Thursday nights can't easily be described as "Active." These nights are league bowling.

Of course each Kestner and Kestnerite give their best in at least try to give their best in their respective teams. However, with the new bowling pin, the league personnel really are striving for that strike pocket.

Each bowler of the week will automatically become eligible for the "Bowler of the Week" at the month's termination with the bowler having the highest pinfall for three games. The bowler being named "Bowler of the Month" will receive a sport coat from the Hazard Department Store.

So far in the contest for the "Bowler of the Week" Tommy Jones of A & P had the series of 599 for the Monday night Industrial League. On the 3rd Industrial League, Tuesday night Harold D. Dineen, bowler with Nameless Five had a 661 series and so far high on "Bowler of the Week."

Listed below are league standings as taken from the Hazard Board at Perry Bowl on Monday.

The Kentucky Association For Retarded Supports Bond Issue

The President of the Kentucky Association for Retarded Children, George G. Harrison III, Princeton, Kentucky, announced today the Association's support of the 176 million dollar State Bond Issue.

The Organization, which is observing its 10th Anniversary next month, represents parents and interested parties whose purpose and goals are to help meet the needs of mentally retarded persons throughout the Commonwealth. The organizational structure of KARC is composed of thirty-seven local associations in Kentucky. The Association works constantly for new and improved community services and residential facilities for the retarded.

The Bond Issue, according to Daniel S. Tattle, Acting Commissioner of Mental Health, includes 235 million dollars for Mental Health Mental Retardation Programs. This 235 million would enable mental health to receive an additional \$6,000,000.

Specifically, Mr. Tattle indicates the matching fund program under the Bond Issue will make possible the building of a new residential facility for the retarded in Kentucky that has long been needed. Approximately 1.2 million dollars of the mental health Bond Issue funds would be used to enable the state to receive \$4,000,000 in matching money from the Federal Government to build the facility. The bond and matching funds will also enable the mental health funds to receive an additional \$4,000,000 in the applied toward a facility to care for the very profoundly retarded. The urgent need for their care continues to be the top priority in service for the mentally retarded. The Bond Issue will further increase mental health funds for continued and necessary upgrading of Mental Retardation facilities in our State residential facilities. This also is considered support by the Kentucky Association for Retarded Children to secure care and rehabilitation programs.

The Association points out that in order to build these new facilities and move forward with needed programs for the retarded in Kentucky it supports the November Bond Issue.

The Organization therefore urges the people of Kentucky to carefully consider the November Bond Issue as a necessary and important measure for the future of our State.

John Sherman Cooper Speaks At Alice Lloyd Anniversary

Saturday before a crowd of about 600 students, alumni and friends of the college, John Sherman Cooper, R-Ky., devoted his remarks to the 40th anniversary of Mrs. Lloyd's arrival on campus from Boston.

Education would not forget the example of Mrs. Lloyd's school and other institutions that have through individual initiative, the state and Federal action, demonstrated the strength of Federal and state governments. It also notes the variety and strength that comes from private sources.

Paying tribute to the school, Cooper noted that Mrs. Lloyd was an outstanding example of leadership which has been a constant since she arrived. Completing the day's proceedings, students and guests gathered for a picnic chicken, served by Albert Stenper, Kentucky Agent, and participated in a dance directed by Mr. and Mrs. Charles Whitely of the college staff.

Following Perkins' address, Wicker, also a graduate of the school, reviewed the past 40 years on campus, noting especially the many graduates of Alice Lloyd College who have risen to levels of prominence and the numerous physical changes in the college itself.

At the Sunday afternoon which also included an alumni picnic and singing by Alice Lloyd music club, Cooper also spoke of the college.

RE-ELECT

ROY H. JOHNSON

For

Tax Commissioner

To The Citizens of Perry County:

I would like to take this opportunity to tell you some facts concerning myself and my race for re-election as your Perry County Tax Commissioner. I am the son of Farmer A. Johnson, former Perry County Tax Commissioner for 28 years and Cornia Combs Johnson, daughter of the late Jim "Pete" and Annie Combs of Jeff, Kentucky. I was born and reared in the Big Bottom section of Hazard, attended Hazard City Schools and have lived my entire life here with the exception of three years in the U. S. Navy during World War II. I married Joy Jean Grigsby, daughter of W. H. Sr. and Rachael Grigsby of Hazard. We have three sons and two daughters, of whom four are now attending Hazard City Schools.

Having served you as Tax Commissioner for the past eight years and prior to that as Deputy Tax Commissioner for twelve years, I feel that I am well qualified for this office. The Tax Commissioner's office is an important one and the duties are many and varied. I have gone beyond the duties of my office by making myself available to the public for any help they may need in the way of public service, regardless of political affiliations or other reasons.

As most of you know, this is a most crucial time in the history of our property tax structure and I'm sure you all realize that you need more than any other time in our County's history, not only a qualified man in your Tax Commissioner's office, but a qualified man who is experienced—a man who knows property values in our County and will work diligently for the best interest of our citizens. I'm sure all of you realize that I have fulfilled these obligations and duties in the past and will do so in the future.

Election day will soon be here and as in every election you hear and read all kinds of MUD SLINGING AND FALSEHOODS. Such is the case in my particular race for Tax Commissioner. During the past few days there have been absolute FALSEHOODS concerning me and my office printed in newspaper articles and circulars. I have only one thing to say and that is that I am running my race on my qualifications and experience and on my past record — NOT ON FALSEHOODS AGAINST MY OPPONENT.

As in the past I have one promise to make and that is that EVERYONE will receive fair and equalized taxation just treatment and courteous service to the best of my knowledge and ability.

Therefore, I now respectfully ask for your vote and support in the coming November election. A vote for me will be for the best interest of the citizens of Perry County.

Respectfully Submitted,
Roy H. Johnson
(Pd. Pol. Adv.)

Cowboys Win Contest Sponsored By Church

By Mrs. Ernest Fritts, Sr.

Mr. and Mrs. Harlan Gross, Mr. and Mrs. Bascom Smith and children spent the weekend with Mr. and Mrs. Ernest Maggard and family in Waynesburg. Mrs. James Burton, who has been visiting her sister in Indiana, has returned here to live while her husband is serving in the U. S. Army.

Mrs. Everett Brashear, of Middletown, Ohio, is a patient in one of the hospitals where she has undergone surgery. She is the sister of Mrs. Don Byrd and Jacob and Carlos Reeves.

The contest at the church between the Cowboys and Indians closed Wednesday night with the Cowboys having the greater number of points. Both groups worked real hard during the contest. Nearly \$400.00 was taken in which will be used in the church.

Mrs. Letitia Taylor has returned to her home in Birmingham, Alabama, after an extended visit with Mrs. Margaret Parker. Mr. and Mrs. Bill Sackelford are moving to Florida to make their home.

Morehead Students Teach At Hazard

Two Morehead State College students are doing their student teaching at Hazard this semester.

They are teaching 164 Morehead students at 42 student teaching centers throughout the state.

Dr. Lawrence Griesinger, Director of Student Teaching at Morehead said the students will do four weeks of student teaching and then return for four more weeks of on-campus work. The students will then return for four more weeks of student teaching and will complete the semester with two remaining four weeks on campus.

We are greatly pleased with the student teaching centers throughout the state, said Dr. Griesinger, as they provide excellent opportunities for our students to prepare for the teaching profession.

4-H Talent Show To Be Held In Hazard This Saturday At 9:00 A. M.

Paul Keen - Co. Ext. Agent

Boxelder bugs, at this time of year, are about one half of an inch long, brownish-black with three red lines behind the head and red marking along the wings. The bugs do not bite or sting. Only female boxelder trees are bothered by the insects.

Dr. Richard Miller, U. K. Entomologist, advises to use pyrethrum aerosol spray (tin cans) inside the house, directing spray on bugs. This type spray can be used inside house because it leaves no residue. Outside, spray bugs resting places or bugs themselves with chlordane, DDT or Malathion.

4-H Club Talent Show

More than 100 4-H members are expected to participate in Annual 4-H Talent Show set to be held at Hazard High School Auditorium on Saturday, November 6th starting at 9:00 a. m. 4-H Clubs may enter a club act and specialty act. Club acts must involve at least 25 percent of 4-H members and specialty acts four members or less. Further information on talent show can be obtained at County Extension Office.

Fall Months Good Time to Plant

Home Evergreens

If evergreens are in the landscaping plan for the new home, or considered as addition to established plantings, September, October or early November are good months to plant them. Evergreens can be planted any month of the year in Kentucky when the soil is not frozen. However, September-October plantings will help plants get established more rapidly, and require the least after-planting care.

Roots of most evergreen plants grow until late November or December. Evergreens planted in September or October have time to get established before zero (or sub-zero) temperatures can be expected. Winter rains also mean less post-planting watering.

Newly set plants, however, should be watered at planting time and weekly thereafter until good, soaking fall rains begin. A saucer-shaped depression around the plant simplifies water-holding problems.

Broad-leaf evergreens are best planting in the spring.

Kentucky Cooperative Extension Service Leaflet 198-A, "Planting Evergreens on the

Home Grounds" is available at County Extension Office.

Youth Opportunity Depends on Education

We hear a lot these days about school drop-outs, and why boys and girls should stay in school. Sometimes it is hard for a teenager to see beyond the immediate opportunity for what to him seems to be a "good" paying job. Here are some facts that may make it easier to see why we say STAY IN SCHOOL.

Lifetime earnings: A college graduate earns nearly two-thirds more than a high school graduate.

The high school graduate earns over three-fourths more than a person who did not finish eight years of school.

Employment and unemployment:

In July of 1965, the unemployment rate for young people was 12.3 percent, more than two and one-half times that for all workers in the labor force.

The unemployment rate for everyone is 18 years and over who do not finish high school is 6.6 percent — as compared to 4 percent for high school graduates.

The scope of the dropout problem

UK President Oswald Declares "Faculty Fireside Week"

University of Kentucky President John W. Oswald has officially proclaimed Nov. 7-12 as "Faculty Fireside Week" as part of UK's Centennial observ-

ance. The event, sponsored by the Student Centennial Committee, will center around a series of coffee hours arranged in the homes of faculty members and administrative staffers. Dr. Oswald termed the upcoming program as "one which hopefully will set a precedent to capture the spirit for furthering

student-faculty relationships." Students will be divided into groups of from four to 10 to visit faculty homes.

Ralph Peters Announces For Police Judge City Of Hazard

To The Voters of The City of Hazard

The regular November election will be held on Tuesday, November 2nd, at which time you will elect a Police Judge, along with other city and county officials.

Having been honored by being heretofore elected and having served you as your Police Judge for several years, and after encouragement from many of my friends, I have again decided to ask for your support and votes to serve you. During the time I was your Judge, many visited my court and had opportunity to witness the conduct of the Court. You saw justice carried out and fair and impartial treatment for all who came before me, and I made every effort to use judgement and reason in dealing with the public. I used every means to curb crime and gave the law enforcement officers my cooperation and help at all times. My Court will be held at 10:00 A.M. every morning. This will give the police time to summons a jury, when a jury is needed, and will also give defendants and City Prosecutor time to have their witnesses summoned, and still leave time to dispose of the business of the Court during business hours. I will be available at any hour, day or night, as I was throughout my terms serving you as Police Judge of Hazard.

OVER \$220,000.00 TURNED INTO CITY TREASURER

The Police Court is one of the most important branches of your City Government. My record and qualifications are known to many and I invite your inquiring of my actions while in this office. As your Judge during my terms over \$220,000.00 was turned into the City Treasurer for fines and forfeitures and that is a record I am justly proud and willing to stand on.

I am asking your consideration, support and votes in electing me as your Police Judge and will greatly appreciate any help you can give. Thanking you in advance.

Yours Sincerely,
RALPH PETERS

11 Reasons Why Perry Should Back Bond Issue

Governor Edward T. Breathitt today listed 11 reasons why Perry County citizens should vote yes on the \$176 million bond issue November 2.

"First and foremost," Breathitt said, "is the fact that the bond issue will allow improvements in all areas of Kentucky without any increased or new taxes."

Other reasons cited by the costs go up. "By selling these bonds and Governor will be able to make the needed improve-

Education Bond ssments will provide for Kentucky a total of \$21,950,000 for education—both colleges and vocational education plus areas of special education. Matching Federal and state funds will bring this total to \$36,450,000. A total of \$1,000,000 of bond issue money will maturing from 1938 earmarked for construction of a community college in the Hazard-Bigwater area.

Plans Complete For Carnival; School Newspaper "Wildcat" Has 20 Pages

By Jeannie Gross
The Buckhorn Halloween Carnival will be Friday night, October 29, at 8:30. We are planning on having lots of fun. Some of the features will be: Horse shoe and coke bottle throwing, baseball, balloon darts, penny pitch, cigarette throw, bingo, movies, fish pond, Journalism Booth, spook house, fortune teller, novelty stand, and plenty of food.

The admission will be 25c for

students, and 50c for adults. All the buses will run.

The Halloween Carnival will be a great chance for the parents who have not seen the school to see it. We are really proud of it. The floors are shiny, the lighting is excellent, we have very clean and well equipped bathrooms, and best of all a good heating system.

Last week the school received new paper and pencil machines, which are now in the hall for

the use of all students.

The students and faculty were sorry to hear about the tragic death of Mrs. Jewel Whitaker, mother of two students at Buckhorn, Jean senior and Sherry (freshman). We are glad their father, Scott Whitaker, is recovering.

This should be a lesson to all teenager and adult drivers, who drive fast. It may easily cause their death as well as the death of innocent people.

Our school paper, The Wildcat, is coming along very successfully. There is approximately 20 pages in each issue and is sold for 10c. It is published once every two weeks. We are selling ads for the paper. The current issue of the Wildcat will be on sale at the Halloween Carnival and anyone wishing to help out the newspaper by purchasing an ad can do so at the Wildcat Booth on Friday night.

VOTE FOR

M. K. EBLEN

FOR

MAYOR

And

**FOUR YEARS OF SOUND MATURE
GOVERNMENT**

General Election, November 2, 1965

TO THE VOTERS OF PERRY COUNTY:

My campaign as a candidate for Jailer is coming to a close, and I have made every effort to contact every voter at his home but those of you I did not see found my cards and literature when you returned home.

Four years ago I promised you that I would try to make you the best Jailer you ever had. This I have tried to do. I must run on my record, and I gladly do so, and if you do not know my record ask any one any where in this county. Every person that has been in my custody has been treated as human beings, and it was not for me to say they were guilty or not guilty. If some one says that this is not so, ask him to tell you the name of such a person and contact him.

We will soon be in the New Courthouse, and it is up to the Jailer to see that this courthouse is clean throughout and kept that way at all times. I am told that our Courthouse will be one of the best if not the best in Eastern Kentucky, and it is up to the citizens to see that it is properly maintained and kept the best, and it will be the duty and responsibility of the Jailer to carry out the wishes of the people in this respect, and I feel that I am able, with the experience and have every intention to this when I am elected. The Jailer's office not a political office, and I have not and will not make it such when elected, and for these reasons I am soliciting the support of every voter in my behalf. I can serve you better the next four years than I have been able to the past four, because I will be better equipped to serve you. You have trusted me and you can trust me again, because I have not and will not betray your trust.

As your Jailer I have, as you know, showed you how much I have appreciated your support, and this I will continue to do. So let us work hard and have a clean election, a clean and well kept jail and courthouse where every one will be treated alike and with respect regardless of party affiliation. Thanking you for your past and continuing support, I am,

Gratefully yours,

W. M. (BILL) KELLY.

Five Good Reasons To Vote For

EARL M. DEATON**County Court Clerk**

1. He is qualified to serve as County Court Clerk. He graduated from Breathitt County High School and attended Lees College, Morehead State Teachers College, and the University of Kentucky. He taught school in the Perry County schools for seven years and worked in the offices of Columbus Mining Co., Blue Diamond Coal Co., Jewell Ridge Coal Corp., and Home Lumber Co., more than 21 years. He worked for these companies as a scrip writer, payroll clerk, shipping clerk, office manager, and general bookkeeper.

2. He is a family man, and not being wealthy, must work in a profession for which he is qualified. He has a wife Gretchen, the daughter of the late Solomon Noble and Mattie DEATON Noble of Haddix, Ky., a son, Earl Jr. (PODY) with the U.S. Army in Viet Nam, and a daughter, Phyllis Anne, a senior in Hazard High School. His opponent has no dependents, and is considered a WEALTHY person.

3. Having been raised in Perry County, he understands the people of this county. He has been in direct contact with the public over 25 years of his working life, and realizes the responsibilities and problems of the citizens of this area.

4. He does not wish to serve in this office for the REST OF HIS LIFE. He certainly will not ask the voters to elect him for FOUR TERMS, but will voluntarily relinquish the office within a reasonable time. He certainly will not say at the end of each term "Elect me one more term, and I will not ask again".

5. To serve in this office has long been one of his desires. Since early manhood he has planned to seek this office, and feels that this is the most opportune time.

When elected to serve the people of Perry County in this important office he pledges the following:

1. To employ only qualified personnel to staff his office.
2. To give prompt and efficient service to all regardless of their political affiliation, race, creed, or color.
3. To give his fullest cooperation to the Attorneys, the Purgation Board, the Fiscal Court, and all other governmental agencies in Perry County, so long as it shall be to the best interest of the people of this county.
4. To Preserve, keep, and protect all the records of this office at all times.
5. To devote his full time to the operation of this office.

ANY AND ALL SUPPORT WILL BE GREATLY APPRECIATED.

**Clay Ford Asks,
How Is Your Tax Dollar Spent?**

My opponent and his father are telling you, the Voters, that I'll raise your taxes or if you vote for anyone else they will raise your taxes. Are they inferring that no one else in Perry County can be trusted in this office? Well, I have news for them, there are people in Perry County who can be trusted if only given the opportunity to prove it, and that is what I am asking for, the opportunity to prove to you that someone else can be as good a Tax Commissioner as our present one.

Maybe I am old fashioned, but when I vote for someone I find out as much about them as possible. A public official should not only be the best qualified but also the best all around citizen on the ticket from which we make our choice. I ask you to inquire about me and my opponent concerning any habit that we might have that would prevent us from performing the duties of this office. Find out about our honesty with the people we do business with as well as how we treat our fellow citizens.

On November 2, 1965, if you choose me as your Tax Commissioner I promise you that no one will receive a salary from this office that does not work for it. My opponent has paid, during the last three (3) years, his sister, Anna Ihrig, a salary of

\$2028.00 and I have asked many persons if they have seen her working in this office and I have not found one person who has said yes. She is an employee of a local bank. Since my opponent has been in office he has paid Alberta Johnson a salary of \$5216.00. She is my opponent's step-mother and employed by a local resort. I ask you, the voters, have you seen these persons working in your Tax Commissioner's Office? During 1965 my opponent has had his daughter, a student in Hazard High School on the deputy payroll.

Since he has been in office, my opponent has paid his wife a salary of \$25,252.00. I admit that she works in this office about four (4) months out of each year and breaking this down into actual time spent in office you will find it to be about \$40.00 per day.

Your present Tax Commissioner has had available to him for deputy salaries \$33,744.00 and has used all except \$670.00. I ask you, The Taxpayer, is this using your money wisely or using it just because it is available?

Please note that all deputies employed in this office, except one high school student during the year 1961, have been immediate members of your

Tax Commissioner's family. Is this an indication that he does not believe other persons in Perry County are qualified to do this work, or is he deliberately preventing your sons and daughters from learning this office work so he can pass it to his son or daughter as he received it from his father.

If there is any doubt in your minds concerning the salaries paid to these deputies and records concerning same, I would appreciate it if you will contact me and I will be happy to accompany you or anyone else to the Department of Revenue, Frankfort, Kentucky, where the payroll records for this office are kept, and prove these statements to be a true fact.

I pledge to you, the people of Perry County, that if on November 2 you elect me as your Tax Commissioner, the following:

1. Fair and courteous service to each of you.
2. No one will not be paid a salary from your tax dollars that does not work for it.
3. The books will be open for your inspection anytime you desire to see them.
4. Your Tax Commissioner will be in the office and you can talk to him and not just to a

deputy about your tax problems.

5. The persons hired as deputies will not be any member of my family but will be the taxpayers of Perry County or their children.

I am married to the former Lorene Branson, daughter of G. C. and Mary Branson of Lothair. My wife's parents were born at Viper, Kentucky on Mason's Creek. We have a son Gregory in the Fifth Grade at the Lothair Elementary School.

I am a graduate of Eastern Kentucky State College and have a degree in the field of Commerce. I am a former High School Teacher in both the City and County School Systems. My education and experience in taxes qualifies me to readily perform the duties of this office to your satisfaction. My opponent cannot save you one dime more in taxes than I can I challenge him to prove it to you before the election.

A vote for me, **CLAY FORD**, will be to turn this office back over to the people of Perry County and not to just the one family.

Your vote and influence will be greatly appreciated.

Thank You
CLAY FORD

Fathers Start

Work on Bridges;

Lots of Visitors

By Ambrose Rice

The unemployed fathers at Saul are beginning on some bridges over the creeks. They have started three and more are set to start very soon.

Hulla Collins has gone to Indiana for a visit with her children.

Simon Rice, of Austin, Indiana, visited his parents, Mr. and Mrs. Granville Rice over the weekend.

Granville Rice had a new well drilled last week and he is now building a pump house.

Owens Napier has been on the sick list here of late.

Pollie Rice has a very serious case of the flu, she has been to the doctor in Oneida.

Mary Barger and Debbie Martin and family spent two weeks in Indiana and have just arrived back home.

Roy Couch, Jr., is building a new home at Mudlick Fork of Leatherwood.

Claude Barger is putting siding on his house to help fight off old man winter.

Ruth Gibson and family visited in Sizemore over the weekend.

Jason Lawson and wife, Carol, from Winchester visited Mrs. Lawson's grandfather on Sunday.

Mr. and Mrs. Justis Barger, from Cincinnati visited his parents over the weekend.

Louise Barger is home from Cincinnati, where she has been working as a babysitter.

Mary Jane Gibson and Chloe Couch visited Mr. and Mrs. Henry Couch in Leslie County last week.

Sam and Bettie Smith of Austin, Indiana, were weekend visitors at Saul.

Harry Taylor and family, of Indianapolis, were guests of Mary Barger over the weekend.

Sally Burns and family, of Burning Springs, visited their grandparents over the weekend.

Mr. and Mrs. John Delbert are the proud parents of a baby girl. The name, Debra Carol has been chosen.

Samantha Napier, a former resident of Saul, died in Austin, Indiana, on October 18. She was the wife of Rev. Clark Napier.

Harlan and Hattie Woods, of Saul, have a new granddaughter, born October 14.

Archie Barger has been admitted to Hyden Hospital with ulcers.

Seven weeks of another school year taken care of by Father Time; the six weeks tests and report cards are out of the way for now, and we can turn our thoughts to other things.

I read about UKREA in the Herald. It stirred dominant memories of the time when it really seemed to be something even if for little else but for I was generally 'Johnny on the spot' from 1929 to 1961. In the early days many of us in the isolated sections would dismiss school on Wednesday noon and journey to Jackson, Whitesburg, or Hazard by the best means of transportation available. We would often be housed in private homes. My wife and I met at a Whitesburg meeting.

Oh, we had met before, but that time we met for keeps. Oh educational meetings are great, even if for little else but for the young teachers to catch up on their social life. We had our SWOTA yesterday, October 22 at Cincinnati. Our daughter, Kay Norman, with her two daughters, Carl J. and Teri K., phoned us and Mary Evanshine there and back Mrs. Evanshine is a transplanted Kentuckian from Pulaski County.

Mrs. Norman Receives B.S. Degree

Mrs. Kay Norman got her B.S. degree from Cumberland College this summer. Pardon the personal reference, but that makes six lower degrees and two Masters' degrees in our family of eight since 1948.

On October 21 2nd Lieutenant Warren Hamblin left for Ft. Bragg, N. C. He will be there till July '66, then his orders now say South Korea. Before going to Ft. Bragg he had been at Ft. Gordon, Ga. for 9 weeks. That makes five we've sent to our Great Country at price of liberty.

Young Kentuckians can enjoy a prosperous future in our state. We must now build the new roads, schools, parks and health facilities we need. A lot depends on the Kentucky Bond Issue which we will all have an opportunity to vote for on November 2nd.

How your "Yes" vote for the Kentucky Bond Issue will help you and help keep Kentucky taxes low

If the Kentucky Bond Issue is passed on November 2nd it will entitle our state to take advantage of \$685 million in Federal Matching Funds and money from other sources, so that we can meet the needs of our state while keeping Kentucky taxes low. It will enable us to build the primary and secondary roads we need as well as the new Appalachian and Interstate systems. We will be able to provide new facilities at our schools, colleges and universities to meet the demand for better education and job training.

We can provide much needed public health facilities, new parks, community libraries, child welfare centers.

So let's not miss the boat. This Bond Issue will benefit all parts of our state, and it requires no increase in taxes. The Kentucky Better Roads Council.

Furniture Factory Receives Grant From U. S. Air Force

A Letcher County furniture factory which has received a Department of Defense contract and plans to expand operations was cited today as a good example of how small Kentucky industries can benefit from the procurement program.

Letcher Upholstery and Manufacturing Company, Whitesburg, has received a \$48,000 contract from the General Services Administration to supply 680 chairs and 86 couches for Maxwell Air Force Base at Montgomery, Alabama. The announcement of the contract was made jointly by Commissioner of Commerce Katherine Peden and Mrs. Lois A. Baker, president of the company which operates a 10,000 square-foot new plant employing 20 persons.

Mrs. Baker said that the contract, the largest single order ever received by her new company, will mean adding 10 new employees to the plant payroll and will enable the firm to move ahead with expansion plans.

"We hope to expand operations by four times our present plant size next spring and increase employment to 100," Mrs. Baker said.

"This is not a large contract but it represents a big opportunity for this small Eastern Kentucky industry," Miss Peden said. "This is really what we are working for in our procurement program for by winning a larger share of federal government procurements small industries, as well as larger industries, in Kentucky can open a new door to profits that will produce growth and expansion."

The second annual procurement conference sponsored by the Kentucky Department of Commerce, the Kentucky Council of Industries and the Louisville Post-Exposition Center at Louisville last month had already produced results. Miss Peden said jobs on more than \$2,000,000 worth of items have been submitted by Kentucky firms that have never before tried for a share of the federal government dollar.

Until she attended the first procurement conference at Louisville in October 1964, Mrs. Baker said, "I didn't know that government contracts were

available to small industries." Mrs. Baker submitted nine bids to the General Services Administration. Her firm was low bidder on seven bids valued at \$350,000. The \$48,000 contract is the first official contract awarded to Letcher County Upholstery and Manufacturing.

FOR MAYOR

IF YOU CARE—

Vote Dawahare

-- HE CARES FOR YOU

PROVEN PROGRESS

KNOWN INTEGRITY

A SINCERE SERVANT

Show that you Do care Vote for Willie Dawahare HE CARES FOR YOU

It is the day of decision—Tuesday, November 2—for Hazard.

That decision must be to re-elect Willie Dawahare as Mayor.

Hazard has been called the "livest, brightest, busiest city in Eastern Kentucky."

Let us keep it that way. Keep Willie Dawahare on the job.

Mayor Dawahare's record of the past four years as mayor speaks eloquently for itself. The achievements of his administration have been recognized nationally by all of America's mayors.

Mayor Dawahare's devoted determination and tireless work have brought about these accomplishments: cleaning up the city, urban renewal projects, water and sewage systems, new housing, city-wide street improvements and many other things are testimonials to the success of his efforts to better the city and improve the welfare of its citizens in every way.

Even greater tasks lie ahead for Hazard—and Mayor Dawahare. The job of bringing the people of the Lothair community into full partnership and proud responsibility with the citizens of Hazard in the forward march of good citizenship will need the leadership of Willie Dawahare—with his experience and his willingness to sacrifice his personal interests to the general welfare—can give it.

Under Willie Dawahare the city's services—fire

protection, police protection, public works, have shown pleasing progress in efficiency during his last four years.

Let us keep these services at their best by keeping Willie Dawahare as their leader, quarterback and spark-plug.

Certainly the younger citizens will be proud to vote for Willie Dawahare because of his prominent and longtime interest in the welfare of youth, both in the schools and in their work and recreation outside of the schoolroom.

With the many federal and state programs for the benefit of all of Eastern Kentucky, Hazard must keep in stride, indeed in the forefront, of these efforts.

Willie Dawahare has been intimately interested and extremely active in seeing that Hazard shares with the rest of Eastern Kentucky in these great projects.

Let us keep Willie Dawahare in there pitching for us.

It is not reasonable that the people of Hazard would take a chance on breaking up a winning team, when we're ahead of the game.

If you care
Vote Willie Dawahare—
HE CARES FOR YOU.

ELECT HARVE HENSLEY

FOR
COUNTY JUDGE

I am your Democrat Nominee for County Judge. So that you voters of Perry County will better know me and my qualifications for your office of County Judge, I would like to make the following information known to you:

I was born in Perry County in 1911, and have always lived here. I was educated in our Perry County Schools and Berea, Kentucky. I am a 32nd degree Mason and also a Shriner. I served as Justice of the Peace in Magisterial District No. 6 for twelve consecutive years. During that time with the help of my friends, I got more than \$200,000 in rural and state roads built in my district. If elected as your County Judge I promise to work unceasingly to improve the entire county road system.

From 1942 through 1960 I was employed by Blue Diamond Coal Company; Blue Diamond, Kentucky, since that time I have been engaged in the Real Estate Business in Ohio. My wife is the former Miss Sinda Hamilton and she has been Postmaster at Dice, Kentucky for the past twenty three years. We have two children, seven grandchildren, and have reared two foster children. We are members of the Lost Creek Community Church where my wife serves as Treasurer and I am a Deacon.

I want to be your County Judge, and I humbly solicit your support.

If elected I sincerely promise you four years of faithful and devoted service. With your support we will win and Progress.

Sincerely,

—HARVE HENSLEY

COUNTY AGENT NOTES

Agent Instructs Residents On Burning Of Leaves

Paul Keen - County Ext. Agent

Autumn leaves can be a problem or a benefit. You can burn them, creating fire hazards and adding to smog. Or you can use them to provide needed organic matter for your yard and garden. Raking and carrying leaves to the curb for pick-up may take as much time as getting them to a compost pile. Using a rotary mower is the easiest way to break them up, but it may not solve the problem of how to handle the excess that can smother the grass.

Compost piles are not hard to make. Small ones can hold many leaves. One that is 5 feet by 9 feet and 3 feet tall will hold 5 cubic yards of leaves - a dump truck full. One that is 7 feet by 8 feet and 5 feet tall will hold more than twice as much. You can make one this size with a piece of woven wire fencing 30 1/2 feet long (less than 2 rods) and 5 feet high. Reinforce the sides by stapling a few boards to the wire. Put posts or poles in the corners.

Steps in Making the Pile

1. Break up the leaves first with your rotary mower or place them in the pile as you rake them. Broken-up leaves will need little tramping down in the pile. The others should be well tramped.

2. With each 6-8 inches of broken-up or tramped down leaves, add 5 to 6 pounds of 20 percent superphosphate and 3/4 to 1 pound of ammonium nitrate. Two feet of loose leaves should tramp down to about 6 to 8 inches. If they are very dry, water will help settle them. Thus, you build your compost pile with alternate layers of leaves and fertilizer.

The compost will probably decay faster if the leaves are first broken up with a rotary mower. Decay will be faster if you turn the pile by hand several times in the late winter and early spring. Also, small amounts of soil can be added for faster decaying. Complete decay is not necessary.

3. You can use lawn clippings and other refuse, such as vegetable tops, peeling and fruit wastes. Do not include fats, meats, scraps, seeds, or pits which attract rats and mice. Know your local regulations in regard to what cannot be put

in your compost pile.

Use material from your com-
post pile to mix with your gar-
den soil before plowing or till-

ing, to place around your flow-
ers, shrubs, and trees, or to
scatter on your lawn in the
spring.

Belfry Tries For 10th Win At Williamson Three Locals Beaten

By Artis Fields

Last weekend was one of disaster for local prep eleven as all three football playing schools East Leslie County was bumped off by Jenkins 25-0, Hazard got whipped by Louisville Fliget 29-6 and Napier was manhandled by Prestonsburg 45-0.

On the brighter side of things Belfry kept up it winning ways by trouncing Matewan, W. Va. 48-13 for the 9th win for Al Vipperman.

Frank Guyton scored two touchdowns and rushed for 211 yards in leading the Pirates.

Fleming Neon kept in pace in the Class A title picture with a 26-7 win over Paintsville.

Wheelwright won in a big way 53-0 over Fleming County. Elkhorn City edged Whitesburg 13-7.

Looking at this weekend, Belfry closes its regular season by visiting arch rival Williamson, West Virginia.

Napier ends a season that Coach Charles Hall will try not to remember with Fleming Neon coming for a Friday night encounter.

Hazard will stage its homecoming against stubborn Everts and Wheelwright will visit Whitesburg.

SCHEDULE FOR THIS WEEKEND

Western-Eastern Meet In Maroon Homecoming

Although their traditional battle isn't likely to throw much weight in the Ohio Valley Conference race this fall, Eastern and Western won't be pulling any punches in the Maroons' homecoming Saturday when they meet for the 38th time.

Eastern and Western are cord, Battle, who hasn't caught both virtually out of the conference picture with records of 1-2-1 and 1-3-0 in the loop, respectively, but early season records have never important when Kentucky's oldest rivals meet.

Last week the Maroons lost 34-3 to the NAIA's No. 1 ranked team, Findlay, Ohio in their 1st preparation for the Western clash, while the Hilltoppers were celebrating homecoming with a 28-21 win over Drake University.

Eastern will face the 'Toppers with an overpowering aerial attack led by quarterbacks Larry Armie and Jim Guice and receivers Fred Malins and Jim Ratliff.

Marble, a senior, has completed 37 of 56 passes this season, for a remarkable 66.1 per cent and 379 yards. Guice, a freshman, leads in yardage with 544 on 45 of 89.

Malin overlook the idle Ratliff in their battle for the league's pass receiving lead Saturday, pushing his total to 26 for 333 yards, just three catches short of the all-time Eastern re-

cord, Battle, who hasn't caught both virtually out of the conference picture with records of 1-2-1 and 1-3-0 in the loop, respectively, but early season records have never important when Kentucky's oldest rivals meet.

Western will counter with a strong ground game led by freshman fullback Dickie Moore who ran for three touchdowns against Drake. Senior John Burt, halfback, has been injured most of the season, but should be sound against the Maroons.

Eastern's leading rusher is freshman Herman Carter, who has carried 59 times for 233 yards—4.9 yards per carry. Top scorer for the Maroons is Marmie with 30 points on five touchdowns, but freshman guard Walter Murphy is close behind with 22—all by kick. He's boomed 10 of 12 extra points and has located four field goals in as many attempts.

In the other phase of the kicking game, Malins has boomed 31 punts for an average of 41.8 yards per kick.

Hazard Youngsters To Join In Collecting Treats FOR UNICEF

Local boys and girls will join over three million other young Americans this year when they collect coins for the world's needy children on Halloween, as part of the Trick or Treat for UNICEF program. Their motto, "Share—No share," has turned an evening of senseless pranks into one of gratifying rewards.

Held in Hazard under the auspices of The United Church Women, the program will contribute to the help given to

needy children and mothers in more than 100 countries. Our boys and girls will not be collecting for themselves, they will neither ask for candy nor apples, but for pennies, nickels and dimes which will send milk and medicine where they are most needed.

They will make their rounds in small groups, escorted and supervised at all times by adults and responsible teenagers. Every penny they receive can mean five glasses of milk

or the vaccine to protect a less fortunate child from tuberculosis. Residents are asked to donate coins only to Trick or Treaters who show proper identification. They will carry orange and black collection cartons bearing the symbol of the United Nations Children's Fund, a mother and a child.

The Trick or Treat program is endorsed by President Johnson and by our civic and religious leaders. Now in its sixteenth year,

RE-ELECT

JESSIE HORN
FOR
COUNTY COURT CLERK
NOVEMBER 2, 1965

Dear Friends

I am asking for your support November 2nd, in my race for re-election to the office of County Court Clerk. When first elected I promised you that I would operate the office honestly and efficiently and that every person coming into the office would be treated with courtesy and respect.

Since that time, your Clerk's office has been operated on a business like basis. Documents are usually recorded the day they are filed; they are proof read, properly indexed, filed and kept securely until called for. Every effort is made to insure the safety and sanctity of your records, which represent your most valuable possessions. All deeds, marriage and index books, current mortgage and lease books were microfilmed last year to doubly insure their safety. This year two map or plat books were photo-copied and rebuilt. A strict accounting is made of all funds collected, and collections are sent promptly to the proper agency. I have been audited every year, except the current year, and our records have always been in order. The PERRY County Clerk's Office ranks with the best in the State.

My well qualified and well trained staff keep abreast of all changes in motor registration laws. We are able to advise truckers in the registration of their vehicles, and quite often can save them considerable money.

We have one of the most up to date and well kept index systems in Eastern Kentucky. We always help, in any way we can, the various agencies that use our records.

As Clerk of the Fiscal Court, I try to be as careful about the county's money as I am my own. The Clerk's office is operated completely from fees. Since I have been Clerk, we have paid all expenses, bought such equipment as was necessary to operate the office efficiently, and still have been able to turn more than \$60,000.00 in fees back to the County.

In election matters, every effort has been made to be impartial and fair. We have never tried to influence anyone's registration, or to persuade anyone to change their registration. The office has been kept open extra hours and special registrations have been held out in the county for the benefit of both parties. Election information has been made available to candidates on both tickets, without partiality. Election records are safeguarded as are all other records.

We have always been willing and are usually able to help you with your minor problems, such as obtaining a birth certificate, filling out questionnaires and notarizing documents. We have never charged anyone for these services, and certainly don't intend to start now.

Being Clerk is a full time job for me. The office is kept open extra hours on many occasions, such as the last days of car licensing, and registrations. During the summer of 1960, when Veterans were needing to record their Military Discharges for the Veterans Bonus, we worked 12 to 14 hours a day to help them. If such an occasion arises again, we will do it again. Someone from my office is always available, in case of emergency, to go back to the office and look up any records needed. We are your friend and ready to help you every day of every year, NOT JUST ELECTION YEARS.

The increased volume of business and the changes in laws and regulations have necessitated many changes in the operation of the office, but basically we are the same. Today we are giving you the same courteous, honest and efficient service I promised when first elected. If re-elected, I will continue to do so.

When you go to the Polls on NOVEMBER 2nd, cast your vote for your best interest and re-elect JESSIE HORN, a person of proven integrity, willingness and ability, as your County Court Clerk.

Your support and influence will be greatly appreciated.
JESSIE HORN

Eagles Bad Luck Continues As Two Points Spell Defeat

A safety pelted the difference between a win or tie and a loss for Morehead State College Saturday as Ohio Valley Conference leader Middle Tennessee defeated the Eagles 30-28.

The safety occurred in the second quarter with Middle Tennessee leading 14-6. The Eagles had the ball on their own 21 yard line and reserve quarterback Larry Chinn retreated to the end zone and intentionally grounded a pass. As a result of the infraction, Middle Tennessee was awarded a safety.

The Eagles trailed 30-6 in the third quarter, but came back strong. With 5:04 left in the third quarter, Dennis Brown scored from the two and from that point on, it looked like an upset was in the making.

The Eagles scored twice in the fourth quarter on passes of 30 and 27 yards from quarterback Mike Gottfried to end Rico King and halfback Tommy Gray. The last score came with 1:27 remaining. The Eagles attempted an offside kick which was recovered by the Blue Raiders who stalled out the remaining time.

"Our play was very spotty, but I was proud of the comeback ball game made," said Morehead Coach Guy Penny. "You can't give a team like Middle Tennessee a 30-6 lead and then expect to scare them the way we did in the fourth quarter. Middle Tennessee is a fine football team," Penny added.

"Mike Gottfried did an outstanding job of throwing the football Saturday," Penny said. "He completed 12 of 24 for 173 yards, two touchdowns, and one two point conversion. Mike got off to a 17 yard start completing only 2 of 13, but finished with 10 completions in 11 attempts. If we could have the ball on the offside kick I believe he would have taken us within scoring range again," Penny added.

"I was impressed with the running of freshman halfback Leon Wesley," Penny said. "This was his first action in varsity competition and he was a real surprise to us. He has real good speed, and he ran hard every time he carried the ball Saturday. Wesley led our rushers with 83 yards in 15 carries," Penny added.

"We have to be pleased with both of our units," Penny said. "They made mistakes the first half that broke our back, but they gave the finest comeback effort I have ever seen at Morehead in the second half."

"We have had two tough games the past two Saturdays with Austin Peay and Middle Tennessee, and we will have our heads full again this week with East Tennessee," Penny said. "East Tennessee has a fine team and they have lost a couple of games that could have gone either way."

"I hope our boys can push aside the disappointment of losing the Middle Tennessee game and bounce back for East Tennessee," Penny said. "We are both 1-3 in conference play, and the winner Saturday could finish the season on a bright note by winning the remainder of its games," Penny added.

The Eagles will host East

Alva Hollan Talks To Lions Club

Kiwanian, Alva Hollan, who is a Hazard attorney, addressed the Lions Club at its Thursday's luncheon. Mr. Hollan told of some of the work of missions in Mexico and some of the customs, business, morals and language.

Mexico has a number of large cities including Mexico City which has a population of over six million people. He traveled in most of the states of Mexico and found a feeling of good will toward the United States. Business relations between the two countries appear good.

Perry County people should read their County Paper.

TAKE YOUR FAMILY TO CHURCH THIS SUNDAY

5 EASY 5 HARD
or Sanders Policy

1. In the FIRST CHAPTER of the Bible there is a GENERAL presentation of an orderly step by step Creation largely corresponding to present scientific theories but why in the SECOND CHAPTER do we find a reverse order?
2. Why does the water come UP from the ground instead of FALLING from the sky?
3. Why is Man formed BEFORE the Garden of Eden?
4. Why does the river flow OUT of the Garden to water it instead of INTO it to water it?
5. Why does the one river flow out into 4 rivers instead of the 4 rivers joining to make one great river?
6. Why is a restriction concerning eating of fruit of one tree mentioned here and not specified or even hinted at in the first chapter?
7. Why is there such an emphasis in this second chapter on names and places and no specific places in the first chapter?
8. Why does Adam meet the animals before he meets one of his own kind?
9. Why is there a special emphasis on the creation of Woman individually here when in the first chapter it says "Male and Female He created them"?
10. Is it possible that there already were or had been other people on earth at the time God revealed Himself to Adam?

AUTHORS NOTE: Last week we received letters from three persons who had perfect scores. Edith Combs of Happy, George H. Kawaja and Rip Stevens of Hazard.

However the Monday's edition that carried the questions was delayed a bit and some were confused as to the deadline on answering.

Today's questions will be answered on this same page next Thursday and there will be ample time for replying. This Church Page will continue to alternate with questions one Thursday and answers the next. Deadline for replies will be a Tuesday postmark.

Today's questions are very deep. These things were put in the Bible for revelation and certainly not to be shunned or passed over.

We welcome all the insight our readers can give us on them. Those who have been responding to this column have shown a keen awareness concerning the Scriptures and their answers have been inspirational.
